

the current product information carries no approved route-specific list of personal equipment. Before buying anything, obtain the leader's final list for the particular season and agree in writing your high-altitude boots, down suit, crampons, belay equipment and sleeping bag, and how your own items work with the oxygen equipment supplied. The outline below is for preliminary preparation.

Documents

- Passport
- Air tickets or e-ticket receipts
- Mountaineering medical insurance including helicopter evacuation
- Digital copies of your documents
- Waterproof cover
